Regional Operations Center  
Salt Lake City, UT

# **WEATHER KEY POINTS**

**11/10/20 - 11/16/20**

## **Tuesday-Wednesday**

- Much quieter weather expected through mid week, though a few small chances for light rain and high elevation snow will exist across far northern California
- Cold mornings and cool daytime temperatures are expected through at least the first half of the week, including widespread freezing temperatures in the mornings

## **Thursday-Monday**

- The next series of storm systems will likely move through the state late Thursday through Sunday
  - Periods of moderate rainfall, mountain snow, and gusty winds are possible with these storms, especially in northern California
  - Lighter rain showers may be possible for the southern half of the state
- Monday currently looks to be drier across the state
